At Neve Michael, the children can grow, learn and enjoy better, happier and healthier lives.

All the children are raised in family units by a married couple with their own children. Everyone lives together in a loving family atmosphere. Siblings can stay together.

The children come from all over Israel. They are the victims of neglect, physical and sexual abuse and many have been witness to acts of violence.

A unique film!

Meet the children and staff of Neve Michael!
Neve Michael is not an institution. It is a residential home for children at risk - a warm and caring environment for many children aged three to eighteen who cannot stay with their biological families.
