The Intensive Care Unit Ambulance, donated from Malmö, Sweden.

Yossi Ben Shahar is the medic and head of MDA Old City Jerusalem team. Over 20 volunteer medics and ambulance drivers work in this team.

Yossi edits religious books whenever he can, always waiting for the MDA call. His phone is always on and he always answers it. Often people just come to the house, knock on the door or call through the ground floor window. The climbing Mule ambulance is partly his invention.
